Headmaster: Benson Ferrari MA

St Michael's School enforces a **NO ALCOHOL, NO DRUGS, AND NO SMOKING** policy throughout the whole school, which applies to both staff and students. This includes e-cigarettes. Purchase or consumption of alcohol and/or illegal drugs will usually result in the student being permanently excluded from St. Michael's School (required to leave the school). The same consequences will apply irrespective of whether the alcohol is consumed off-campus or belongs to someone else. This is a clear, simple but serious rule for ensuring student safety. If any student is found smoking in the boarding house, the matter will in most cases be dealt with as above.

Please refer to the school's policy on smoking and drugs.
